RESPONSE TO THE OFFICE ACTION MAILED JUNE 15, 2004

The filing of a continuation of the subject application herewith (Atty Dkt No. 8404.128) is meant to be a complete reply to the Office Action mailed June 15, 2004, which was never received by Applicant's representative. A Petition to revive the subject application due to unavoidable abandonment is filed herewith.

In the Office Action, the Examiner rejected Applicant's claims 1 and 3-15 under 35 U.S.C. 102(a) as being anticipated by Weder (US 5,205,108), and claim 2 under 35 U.S.C. 103(a) as being unpatentable over Weder ('108) in view of Bakker (NL 1005489C).

Applicant notes that the US 5,205,108 patent discloses the inventive concept of wrapping a floral grouping with a wrapper having an opening formed therein, and therefore such application was inadvertently omitted from the Cross-Reference to Related Applications section of the subject application. Since the period for amending the benefit claim of the subject application under 37 C.F.R. 1.78 has passed, Applicant has filed a continuation application that contains a full priority claim that relates back to the '108 patent.

Also in the Office Action, the Examiner rejected Applicant's claims 1-15 under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-7 of US Patent Nos. 6,662,497 and 6,499,251. Filed with the continuation application is a Terminal Disclaimer which complies with each and every provision of 37 C.F.R. §1.321 and 37 C.F.R. §1.130(b) and which disclaims the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 6,662,497 or US 6,499,251.

Therefore, Applicant respectfully submits that the filing of the continuation application herewith, together with the above-referenced Terminal Disclaimer in such continuation application, constitutes a complete response to the Office Action mailed June 15, 2004.

Respectfully submitted,
